

November 23, 2025: Letter to Speaker Burrows

Speaker Burrows:

I am informing you very plainly that Donald Trump and his team of criminals is attempting to hold me as a captive inside of my home using a surveillance network that drives criminals past our house in reaction to every movement I make, every word I speak, and every conversation that I have with my wife from the moment that I wake up until I go to sleep.

Donald Trump's team is attempting to cause me torture inside of my home on a daily basis by holding my family within a spying network that is inescapable. I know this because I travelled all the way to Spain twice in an attempt to leave his presence and his team continues to stalk my life and follow me in an attempt to literally turn my life into a living hell.

I am a Godly person, Speaker Burrows, and the Texas Republican Party, the National Republican Party, and the United States military branches have enabled a literal satan to blossom over our life.

I am truly disappointed to see the actual state of affairs in this country and I absolutely am laying the blame for this monster at the feet of your Republican Party and the Freemason Network that created it.

This is nothing short of a full-scale breakdown of the American government that I am witnessing and I have contacted politicians and 'representatives' as well as law 'enforcement' agents for over a year now - nobody has responded in any way.

I am alerting you that this represents an absolute disgrace and I am extremely embarrassed to have ever supported your criminal network.

The facts are plain as day: politicians and criminals are working hand-in-hand with the armed forces of America to destroy our country from the inside.

You are a disgrace for not responding with any sort of guidance or help to such a dramatic presentation of lawlessness being made by such a credible person to your office. YOU ARE A DISGRACE FOR NOT-SEEING THE DAMAGE THAT YOUR POLITICAL PARTY HAS CAUSED IN TEXAS.

ELON MUSK, DONALD TRUMP, AND THE FREEMASONS OF AMERICA DESTROYED OUR HOME, OUR STATE, AND OUR COUNTRY - AND YOU ALL STOOD BY DOING NOTHING BUT PROFITEERING WHILE IT HAPPENED!

Sincerely,

Chris Carlin
